THIS APPLICATION IS SUBJECT TO WITHDRAWAL FROM ISSUE AT THE INITIATIVE OF THE OFFICE OR UPON PETITION BY THE APPLICANT. SEE 37 CFR 1.313 AND MPEP 1308.

If the SMALL ENTITY is shown as YES, verify your current SMALL ENTITY status:

A. If the status is the same, pay the TOTAL FEE(S) DUE shown above.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Horst Kasper on July 16, 2008.

The application has been amended as follows: Cancel claim 18.

Allowable Subject Matter

It is in the opinion of the examiner that the art of record neither anticipates nor renders obvious "characterized in that initially the tubular starting part (A) maintains a first cylindrical region (1) and is reduced by a radial or tangential deformation method in at least a second region (2) conically with an angle (or) and in at least a third region (3) cylindrically to a smaller diameter (D2) and thereby forming a mold blank (V) having an increased wall thickness (b2) relative to the starting wall thickness (b 1) in the second region (2) and in the third region (3); then bending the mold blank (V) in the second region (2) according to a required curvature for thereby forming an A-column; performing a final forming of the A-column by inner high pressure metal forming of the mold blank (V) in the first region and/or in the second region maintaining a cylindrical form of the first cylindrical region" in combination with the rest of the claimed limitations set forth in the independent claim.

Searching by the Examiner yielded prior art as cited in the previous Office Actions. Therefore, it is concluded by the examiner that claims 19-37 of the present invention are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
